I plan to sell physical products

I will also be selling products or services in person.

Help WooCommerce improve with usage tracking.

Gathering usage data allows us to make WooCommerce better — your store will be considered as we evaluate new features, judge the quality of an update, or determine if an improvement makes sense. If you would rather opt-out, and do not tick this box, we will not know this store exists and we will not collect any usage data. Read more about what we collect.

Let's go!

Store setup | **Payment** | Shipping | Recommended | Activate | Ready!

## Payment

WooCommerce can accept both online and offline payments. Additional payment methods can be installed later.

| | | |
|---|---|---|
| **Offline Payments** | Collect payments from customers offline. | ^ |
| **Cheque payments** | A simple offline gateway that lets you accept a cheque as method of payment. |  |
| **Bank transfer (BACS) payments** | A simple offline gateway that lets you accept BACS payment. |  |
| **Cash on delivery** | A simple offline gateway that lets you accept cash on delivery. |  |

# Shipping

We've created two Shipping Zones - for Pakistan and for the rest of the world. Below you can set Flat Rate shipping costs for these Zones or offer Free Shipping.

| Shipping Zone | Shipping Method | | |
|---|---|---|---|
| Pakistan | Flat Rate | Set a fixed price to cover shipping costs. | |
| | 100 | What would you like to charge for flat rate shipping? | |
| Locations not covered by your other zones | Flat Rate | Set a fixed price to cover shipping costs. | |
| | 200 | What would you like to charge for flat rate shipping? | |

If you'd like to offer live rates from a specific carrier (e.g. UPS) you can find a variety of extensions available for WooCommerce here.

We'll use Pounds for product weight and Centimeters for product dimensions.

https://analytics.google.com/analytics/web/provision/?authuser=0#/provision

**Step -2:** Click on **sign up** button and make new account:

**Step -3:** When you will click on **Get Tracking ID** you will see this screen:

## Google Analytics Terms of Service Agreement

To use Google Analytics you must first accept the terms of service agreement for your country / region.

Pakistan

Google Analytics

# Google Analytics Terms of Service

I also accept the Data Processing Terms as required by GDPR. Learn more

## Additional Terms Applicable to Data Shared with Google

You indicated you would like to share your Google Analytics data with Google products and services. Learn more

To enable this setting, you must review and accept the below Measurement Controller-Controller Data Protection Terms, which apply to data you share with Google under the GDPR.

If you do not wish to accept these terms, you can always go back to the previous screen to disable data sharing and proceed with account sign-up.

## Google Measurement Controller-Controller Data Protection Terms

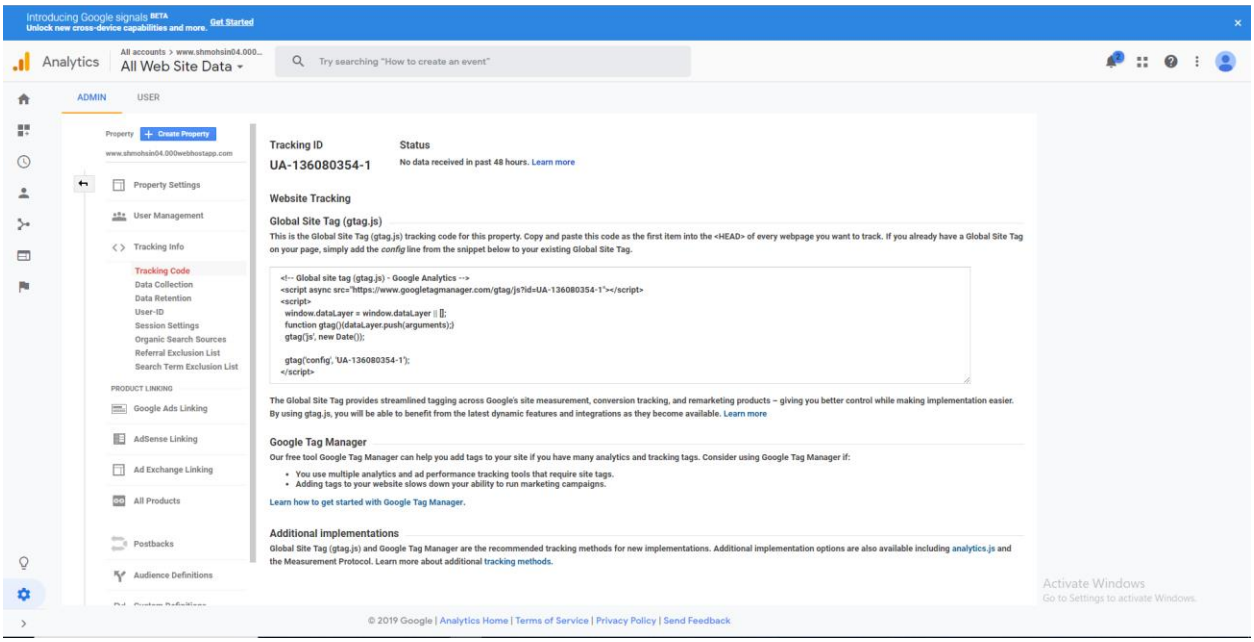

The Measurement Services customer agreeing to these terms ("Customer") has entered into an agreement with either Google or a third party reseller (as applicable) for the provision of the Measurement Services (as amended from time to time, the "Agreement") through which services user interface Customer has enabled the Data Sharing Setting.

I accept the Measurement Controller-Controller Data Protection Terms for the data that I share with Google.

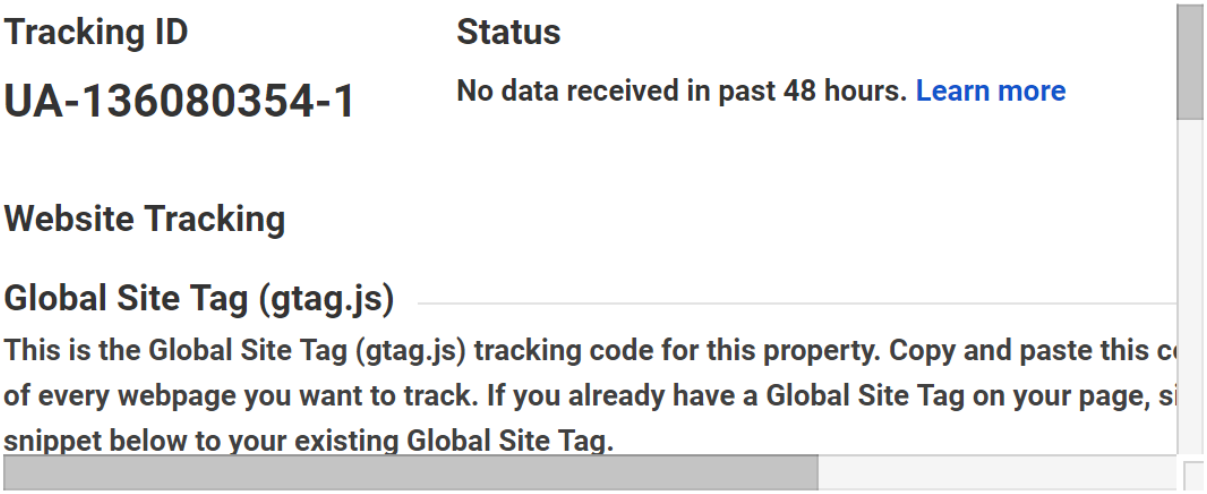

I Accept | I Do Not Accept

**Step -4:** After accepting all terms and conditions by clicking on both check boxes click on

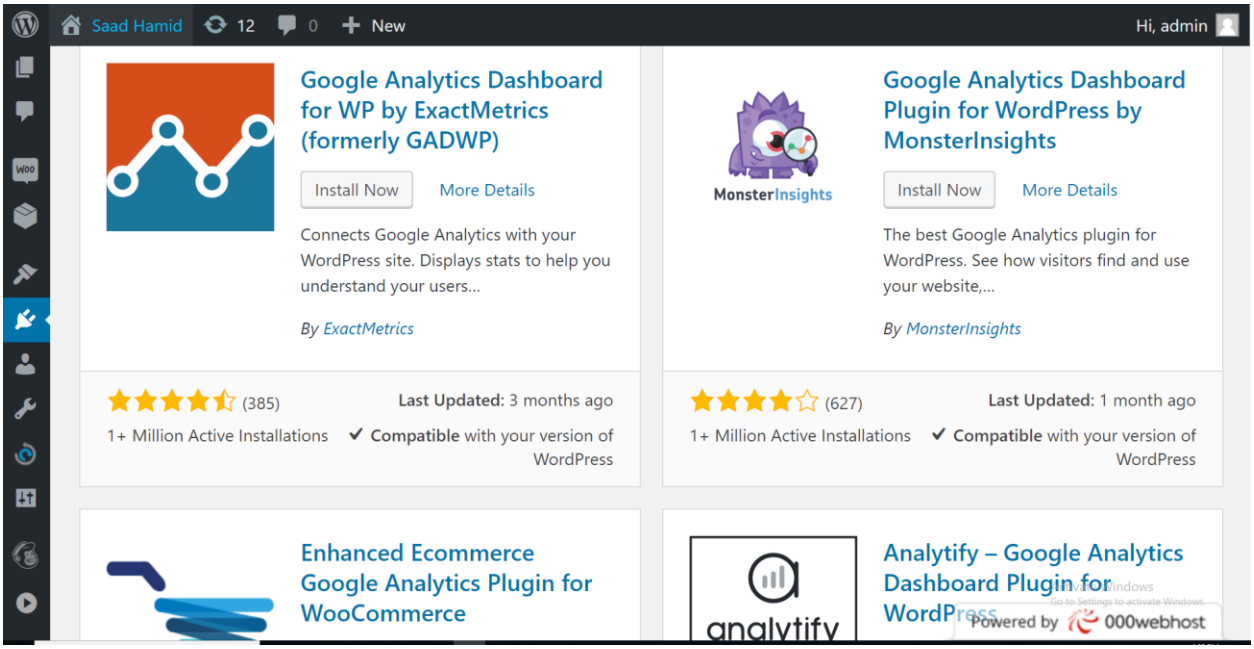

**I Accept** button you will see this screen:

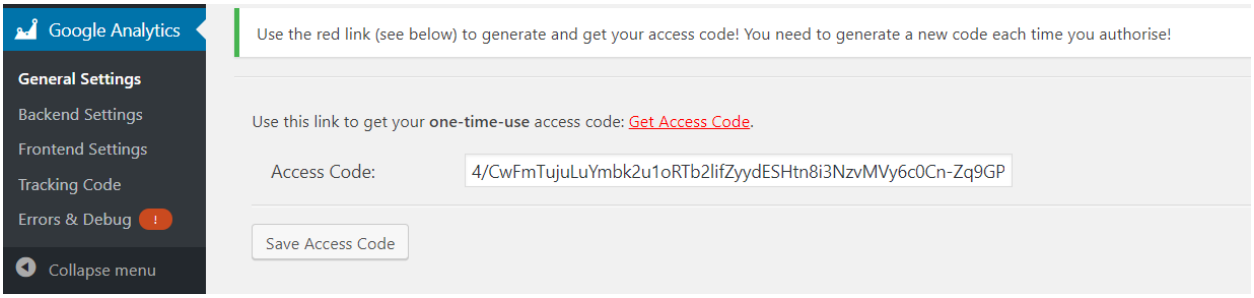

**Step -5:** You will get **Tracking ID** for your website from here:

**Step -6:** After getting **Tracking Code** install and activate Google Analytics plugin into your website.

**Step -7:** After activating **Google Analytics** plugin into your website add tracking code in google analytics general setting => Authorise plugin:

**Step -8:** After adding Tracking code in Google analytics plugin click on Save Access Code button:
