Topic of Research: Bullying

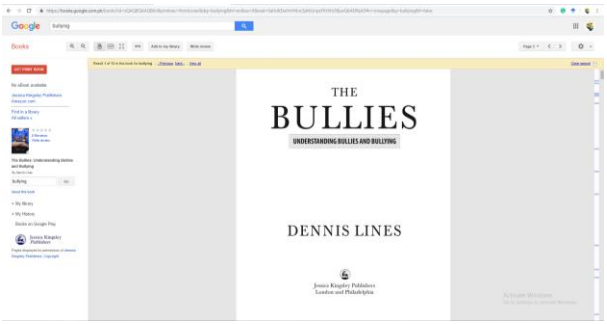

Task 1

Task 2

Cyber Bullying is a big problem in today's world. It is one of the many ways in which teens are being bullied and it is causing problems for them and even their families and loved ones. Kids have killed each other, and some have committed suicide after being involved in a cyber bullying incident. It may even be a bigger problem than we know now. According to the information available online, 1 in 3 teens are or have been a victim of cyber bulling. Cyber bullying is no little problem that we can take lightly and act like it doesn't exist. It may be the most popular way of bullying within the next few years, if not already, and it may already be the most serious, realizing the fact of human losses in this regard.
