Hands-on Exercise No. 1 **Batch: 3** **Freelancing**	**Total Marks: 10** **Due Date: 05/02/2019**

Instructions:

Please read the following instructions carefully before submitting the Hands-on Exercise:

- Use MS Word to prepare exercise solution.
- You may consult tutorials and videos if the concept is not clear.
- Your submitted exercise will not be considered/counted if:
  - It is submitted after due date.
  - It is not in the required format (.doc or docx.)
  - It does not open, or file is corrupt.
  - It is copied (partial or full) from any source (websites, forums, students, etc.)

Learning Outcome:

After completing this exercise, you shall be able to:

- Identify your skill set
- Create your freelancing profile
- Write your own profile Description and Tagline

Tasks:

1. Identify and mention your skillset and choose service that you want to offer as a freelancer.
2. Go to any freelance market place and create your account as a freelancer.
3. While completing your profile; you're required to mention your skillset, tagline, and description.
4. Use your selected skillet twice while writing your profile description.
5. After completing your profile/overview (as instructed in task 3) successfully, take the screenshot(s)*, insert them in your MS Word solution file and submit the solution file on LMS.

Requirements:

MS Word file with following item(s):

- Selected skillset
- Tagline and profile description
- Screenshots of your Freelancing Profile

Guidelines:

- If you are unsure about your particular skill, select data entry as your skillset for this exercise only. You can update your skill later.
- Visit different freelance marketplaces to review the other top-rated freelancer's profile descriptions so that you can write your own profile description expressively.
- While writing your profile description, add details about yourself, qualification, expertise, and experience.
- Use any grammar checking app/tool while writing the description to avoid grammatical and spelling errors.
- You're not required to provide any other information other than mentioned in task 3 for this exercise.

Note:

Please don't copy the content of other freelancer's profile description, it can cause copyright issues. Write a unique profile description in your own words.

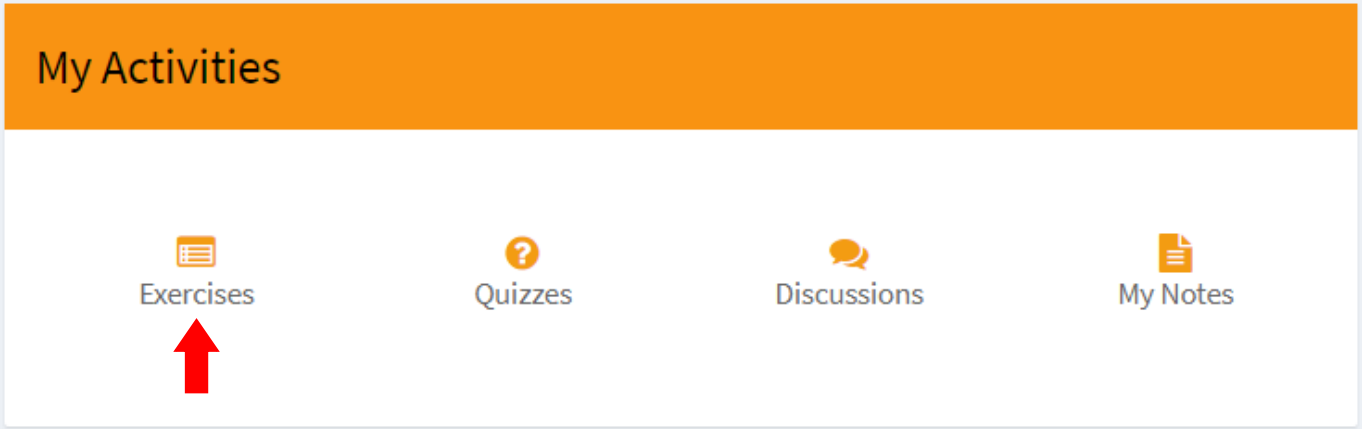

BEST OF LUCK ☺

How to submit solution file on LMS?

Please perform the following steps for submitting your solution using LMS:

1) Login to the LMS.

2) Click on the “Exercises” in “My Activities” section on home page.

3) Click on the “Submit” button to upload your solution file. Be sure to upload your solution file in .doc or .docx format.
